

## **SCHOOL FIRE INCIDENT**

**Date Of Incident: February 2010**

**Location : Arunachala Pradesh**

### **Description of the accident**

At least 14 students were burnt to death and seven others injured in a fire at a private hostel in Arunachal Pradesh. The students of School, both boys and girls, were killed after a fire swept through a hostel made of bamboo.

### **No. of persons Injured:**

Near to fourteen.

### **Potential Root Cause:**

Assume that electrical short circuit leads to this accident.

### **Lessons Learnt:**

There was no subject to the young students on fire prevention and first aid.(even in technical and engineering studies).

**Note: Team can you suggest how to make this as a culture in India. Otherwise we can send such incidents once a while.**

**SEED express its deepest condolence and pray the god to look after the families of the young students.**
